

Supplying Products & Services to the US Military since 1997

Why Computrad:	<ul style="list-style-type: none"> ✓ AFWAY – COMPUTRAD; ‘Non-Contract Vendor’ ✓ GSA Schedule holder – GS-35F-0456N ✓ We are based in London – that means we are local to your time zone 	
What we do:	Computrad supplies IT services and equipment. We are a Reseller and a Systems Integrator. For a complete listing of our products and services please visit: www.computrad.co.uk	
Areas of Specialization:	<ul style="list-style-type: none"> ✓ Server and Desktop Virtualization ✓ NextGen Network Security and DDoS (Distributed Denial of Service) Protection ✓ SATCOM acceleration and WAN optimization 	<ul style="list-style-type: none"> ✓ Managed Services ✓ Professional Services for deployment and network upgrades ✓ Consultancy and Design Services

Vendor/Product	Purpose	Computrad Service
Arbor Networks	IP flow-based network security, broadband optimization, Distributed Denial of Service (DDoS) threat mitigation	Reseller, Architectural Design, Deployment, Training, Support
Avocent	Secure KVM (keyboard, video, mouse)	Reseller
Citrix	<ul style="list-style-type: none"> ✓ Virtualization – Servers, Desktops (VDI) ✓ Load Balance 	Reseller, Architectural Design, Deployment, Training, Support
DDoS Mitigation (Arbor Networks, Verisign)	Services - Computrad provides organizations with a reliable and scalable: <ul style="list-style-type: none"> ✓ Distributed Denial of Service (DDoS) monitoring and mitigation service. ✓ Prevent hacks and internal/external security threats 	Architectural Design, Deployment, Training, Support
Dell	Servers, Desktops, Laptops	Reseller
ForeScout Technologies	NAC (network access control) and policy compliance solutions	Reseller, Architectural Design, Deployment, Training, Support
HP – Hewlett-Packard	Servers, Networking, Desktops, Laptops	Reseller
Infoblox	DNS, DHCP Administration and Security	Reseller, Architectural Design, Deployment, Training, Support
Lexmark	CAC enabled Printers and Digital Senders	Reseller
Microsoft	Software	Reseller
Palo Alto Networks	<ul style="list-style-type: none"> ✓ NextGen Firewall ✓ Application awareness – what is on your network? ✓ Identify and control applications, users, and content - not just ports 	Reseller, Architectural Design, Deployment, Training, Support
Polycom	Telepresence – voice, video (HD)	Reseller
Riverbed	WAN and Application optimization – Accelerate, cache and compress all data traffic outside of LAN, including satellite communications	Reseller, Architectural Design, Deployment, Training, Support
Sun	Servers, parts	Reseller
VeriSign	<ul style="list-style-type: none"> ✓ Network and hardware agnostic DDoS monitoring, mitigation and attribution service that detects and filters malicious traffic away from enterprise websites ✓ Press Release 	Reseller, Architectural Design, Deployment, Training, Support
Wave	Disk Encryption for Endpoint Security	Architectural Design, Deployment, Training, Support
